Knowledge With over 20 years of focus on Ricoh Products, we have the in depth knowledge to bring together and design workflows to reduce the costs associated with producing, distributing, managing and protecting your documents.

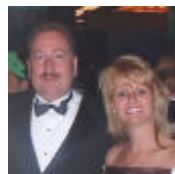

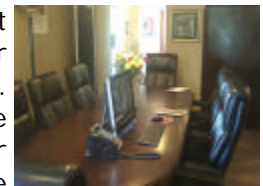

People Your choice is clear. Our people make all the difference when you want long-term, experienced and trained professionals to maintain your systems. We'll properly train your staff to gain the most from your equipment.

Location Everything is LOCAL! Supplies, parts, people, facilities, Management and Decision Making - enabling extra fast response. Should you happen to run out of toner unexpectedly, you can get your supplies and parts the same day, normally within an hour or two.

Response Same day on-site service says it all. We are there when you need us with parts, supplies and professionals. Our fleet of vehicles and trucks means fast response and control of deliveries and requests for service.

Performance Continuous company reinvestment and evaluation of our performance means your equipment's uptime is maintained to 99%. Weekly company-wide meetings keep everyone informed of our performance and customer satisfaction to quickly identify and resolve 'hot-spots' requiring attention.

Reputation It is said your reputation precedes you. Our 20 plus years of dedicated, professional and expert services and products in WNY have established our reputation for reliability and customer service.

Products We provide only Ricoh systems, focused on only one product line for over two decades! Full Color or BW Digital Copiers, Printers, Wide Format Copiers and Fax.
